Dear (Insert Title and Name of Recipient),

My name is (Name) and I reside in (City). I am concerned about the current state of Utah Lake, which is a natural resource in our community that has an incredible potential. The lake currently faces issues with nutrient pollution as well as carp and phragmites infestations.

It is my desire to see more government funding go towards improvements at Utah Lake. I believe that if the conditions of the lake can improve, it will become a better economic, cultural, recreational, and environmental resource that will benefit the residents of the State of Utah.

Thank you for your time and for listening to my concern.

Sincerely,

(Your Name)
